Starting on Monday, February 13th the Late Room will be in the Green Room. Remember if your child needs to stay past 5:15pm please come talk to Melinda or Kim to make arrangements.

LATE ROOM CHANGES

Do you have a sewing machine, or know how to hand stitch? We are looking for any parent volunteers who would be willing to repair a few cot sheets. If you are interested and up for the task, please see Melinda.

HELP WANTED

Room meetings are a time in which the teachers work collaboratively to share, engage, and support you in a topic around early childhood development and learning. We look to provide you an opportunity to better understand developmentally appropriate practice, how we support your child at school, and strategies for you to use at home. This time provides us all an opportunity to learn from each other.

Each classroom team will present on a topic of interest. You are invited to attend any and all topics of your choosing. The more the merrier!
